

# Copyright

File | Settings | Copyright

Use this page to associate copyright profiles with specific scopes within your projects.

In this section:

- [Copyright Profiles](#)
- [Formatting](#)

Item	Description
Default project copyright	<p>Use this drop-down list to specify the default copyright profile at the project level. The default profile is applied to those project files that do not belong to any defined scope. The default profile is also applied when no specific profile-scope combinations have been created. The drop-down list contains the available copyright profiles defined in the <a href="#">Copyright Profiles</a> page.</p> <div style="border: 1px solid #ccc; padding: 5px; margin: 5px 0;"><p>With the project profile defined, the scope-profile combinations area below becomes enabled.</p></div> <div style="border: 1px solid #ccc; padding: 5px; margin: 5px 0;"><p>If the <b>No copyright</b> option is selected, the scope-profile combinations area is disabled.</p></div>
Scope	<p>Click an entry in this column to select the desired shared scope from the drop-down list. If the desired scope is not yet defined, click the link below to open the <a href="#">Scopes</a> dialog box, where you can create a new scope or edit an existing one.</p>
Copyright	<p>Click an entry in this column to select a copyright profile from the drop-down list of available copyright profiles. If the selected profile is an IDE profile, you are prompted to save it as a project profile.</p>
 (Alt+Insert)	<p>Use this icon or shortcut to add a new scope-profile combination.</p>
 (Alt+Delete)	<p>Use this icon or shortcut to remove the selected item from the list.</p>
 (Alt+Up) or  (Alt+Down)	<p>Use these icons or shortcuts to move the selected item one line up or down in the list.</p>
Select scopes to add new scopes or modify existing ones	<p>Click this link to open the <a href="#">Scopes page</a>, where you can create a new scope or edit an existing one.</p>
