

Create Security Role

[Web Tool Window](#) | [Context Menu of a Web module](#) | [Jump To Source](#) |

[Assembly Descriptor References - Security Roles pane](#)

The dialog box opens when you click the **Add** button  and select **Security Role** in the context menu.

Use this dialog box to specify the properties of the `<security-role>` element.

Item	Property generated in web.xml	Description
Name	<code><role-name></code>	In this field, specify the name of the security role.
Description	<code><description></code>	In this field, provide a description of the role.
