

# Edit Jobs Linked to Changelist Dialog

VCS | Show Changes View - Local  
View | Tool Windows | Changes - Local  
VCS | Commit Changes

The dialog box opens in the following cases:

- When you select a changelist and then select **Edit Associated Jobs** from the context menu.
- When you click the  button in the **Perforce** area of the **Commit Changes** dialog box.

Use the dialog box to search for Perforce jobs, link jobs to the selected changelist, and detach currently linked jobs.

Item	Tooltip and Shortcut	Description
	Unlink selected jobs	Click this button to detach the selected job from the changelist.
	Search	Click this button to open the <a href="#">Link Job to Changelist</a> dialog box, where you can search for available jobs, view their details, and link the desired job to the changelist.
	Find and link job matching the pattern	Click this button to start quick search for the job that matches the pattern specified in the text box and attach the job to the changelist. In the text box, specify the exact name of the desired job or a search pattern according to the Perforce jobs <a href="#">syntax rules</a>  .
<div style="border: 1px solid #ccc; padding: 10px; background-color: #f9f9f9;"><p>If only one job matching the pattern is found, it is attached to the changelist automatically. Otherwise, to select a job among several available jobs, click  and find the desired job using the <a href="#">Link Job to Changelist</a> dialog box.</p></div>		
Close		Click this button to save the specified settings and leave the dialog box.
