

# Facet Page

---

[File](#) | [Project Structure](#) | [Modules](#)

The **Facet** page opens in the right-hand part of the [Project Structure dialog](#) when you select a **facet** in the [element selector pane](#).

Facet settings vary depending on the facet type:

- [Android Facet Page](#)
- [AspectJ Facet Page](#)
- [Bean Validation Facet Page](#)
- [Google App Engine Facet Page](#)
- [GWT Facet Page](#)
- [Hibernate and JPA Facet Pages](#)
- [JSF Facet Page](#)
- [OSGi Facet Page](#)
- [Seam Facet Page](#)
- [Spring Facet Page](#)
- [Struts Facet Page](#)
- [Struts 2 Facet Page](#)
- [Tapestry Facet Page](#)
- [Web, EJB and Java EE Application Facet Pages](#)
- [Web Services Facet Page](#)
- [Web Services Client Facet Page](#)
