

HTTP Proxy

If to access the Internet IntelliJ IDEA should use an HTTP proxy, specify the proxy settings on this page.

Item	Description						
No proxy	Click this radio button to connect to the Internet without a proxy.						
Auto-detect proxy settings	<p>Click this radio button to enable using an auto-configuration URL to configure the web proxy settings. When this option is selected, the following controls become enabled:</p> <table border="1" data-bbox="443 631 1393 981"><thead><tr><th data-bbox="443 631 647 701">Item</th><th data-bbox="647 631 1393 701">Description</th></tr></thead><tbody><tr><td data-bbox="443 701 647 878">Automatic proxy configuration URL</td><td data-bbox="647 701 1393 878">Select this check box to manually specify the location of the proxy settings file, in case IntelliJ IDEA does not find it automatically.</td></tr><tr><td data-bbox="443 878 647 981">Clear passwords</td><td data-bbox="647 878 1393 981">Click this button to clear the passwords to the specified proxy.</td></tr></tbody></table>	Item	Description	Automatic proxy configuration URL	Select this check box to manually specify the location of the proxy settings file, in case IntelliJ IDEA does not find it automatically.	Clear passwords	Click this button to clear the passwords to the specified proxy.
Item	Description						
Automatic proxy configuration URL	Select this check box to manually specify the location of the proxy settings file, in case IntelliJ IDEA does not find it automatically.						
Clear passwords	Click this button to clear the passwords to the specified proxy.						

Item	Description																				
Manual proxy configuration	<p data-bbox="440 165 1358 232">Click this radio button to enable manual proxy configuration. When this option is selected, the following controls become enabled:</p> <table border="1" data-bbox="440 250 1394 1305"> <thead> <tr> <th data-bbox="440 250 660 320">Item</th> <th data-bbox="660 250 1394 320">Description</th> </tr> </thead> <tbody> <tr> <td data-bbox="440 320 660 427">HTTP</td> <td data-bbox="660 320 1394 427">Click this radio button if you want IntelliJ IDEA to use an HTTP proxy when accessing the Internet.</td> </tr> <tr> <td data-bbox="440 427 660 566">SOCKS</td> <td data-bbox="660 427 1394 566">Click this radio button if you want IntelliJ IDEA to use the Socket Secure protocol when accessing the Internet.</td> </tr> <tr> <td data-bbox="440 566 660 636">Host name</td> <td data-bbox="660 566 1394 636">Specify the proxy hostname or IP address.</td> </tr> <tr> <td data-bbox="440 636 660 705">Port number</td> <td data-bbox="660 636 1394 705">Specify the proxy port number.</td> </tr> <tr> <td data-bbox="440 705 660 813">No proxy for</td> <td data-bbox="660 705 1394 813">Specify here the patterns for the URLs or IP addresses, for which proxy should not be specified.</td> </tr> <tr> <td data-bbox="440 813 660 920">Proxy authentication</td> <td data-bbox="660 813 1394 920">Select this check box if your proxy requires authentication.</td> </tr> <tr> <td data-bbox="440 920 660 1028">Login</td> <td data-bbox="660 920 1394 1028">Specify the name of the user on whose behalf IntelliJ IDEA will connect to the proxy.</td> </tr> <tr> <td data-bbox="440 1028 660 1135">Password</td> <td data-bbox="660 1028 1394 1135">Specify the password associated with the user name (login).</td> </tr> <tr> <td data-bbox="440 1135 660 1305">Remember password</td> <td data-bbox="660 1135 1394 1305">Select this check box if you want IntelliJ IDEA to remember the password. Otherwise, you will be asked to provide the password every time IntelliJ IDEA connects to the proxy.</td> </tr> </tbody> </table>	Item	Description	HTTP	Click this radio button if you want IntelliJ IDEA to use an HTTP proxy when accessing the Internet.	SOCKS	Click this radio button if you want IntelliJ IDEA to use the Socket Secure protocol when accessing the Internet.	Host name	Specify the proxy hostname or IP address.	Port number	Specify the proxy port number.	No proxy for	Specify here the patterns for the URLs or IP addresses, for which proxy should not be specified.	Proxy authentication	Select this check box if your proxy requires authentication.	Login	Specify the name of the user on whose behalf IntelliJ IDEA will connect to the proxy.	Password	Specify the password associated with the user name (login).	Remember password	Select this check box if you want IntelliJ IDEA to remember the password. Otherwise, you will be asked to provide the password every time IntelliJ IDEA connects to the proxy.
Item	Description																				
HTTP	Click this radio button if you want IntelliJ IDEA to use an HTTP proxy when accessing the Internet.																				
SOCKS	Click this radio button if you want IntelliJ IDEA to use the Socket Secure protocol when accessing the Internet.																				
Host name	Specify the proxy hostname or IP address.																				
Port number	Specify the proxy port number.																				
No proxy for	Specify here the patterns for the URLs or IP addresses, for which proxy should not be specified.																				
Proxy authentication	Select this check box if your proxy requires authentication.																				
Login	Specify the name of the user on whose behalf IntelliJ IDEA will connect to the proxy.																				
Password	Specify the password associated with the user name (login).																				
Remember password	Select this check box if you want IntelliJ IDEA to remember the password. Otherwise, you will be asked to provide the password every time IntelliJ IDEA connects to the proxy.
