

Macros Dialog

[File](#) | [Settings](#) | [IDE Settings](#) | [External Tools](#)

The dialog box opens when you click the **Insert Macro** button in the [Edit Tool](#) dialog box.

Item	Description
Macro	This section contains the list of available macros to be used to define the external tool's program, parameters, and working directory.
Preview	This section shows the preview of the selected macro, in the context of the current project/module.
