

Navigating Between Test and Test Subject

To jump from a test to its test subject

1. Open the desired test class in the editor.
2. On the main menu or on the context menu of the editor, choose **Navigate | Test Subject**. Alternatively, press `Ctrl+Shift+T`. The test subject for the current test class opens in the dedicated tab of the editor and gets the focus.

To jump from a class to its test

1. Open the desired class in the editor.
2. On the main menu or on the context menu of the editor, choose **Navigate | Test**. Alternatively, press `Ctrl+Shift+T`.

The test for the current class opens in the dedicated tab of the editor and gets the focus.

If a test class doesn't exist, you will be prompted to create one as described in the section [Creating Test Cases Using Intention Action](#) .
