

# Phing

---

File | Settings | Phing

The page is available only when the *Phing Support repository plugin* is downloaded, installed, and enabled.

In this dialog box, enable Phing integration in the current project.

Item	Description
Path to Phing executable	In this text box, specify the location of the <code>phing.bat</code> file. Type the path manually or click the <b>Browse</b> button  and choose the file location in the dialog box that opens.
