

Playing Back Macros

You can play back the recorded macros using the **Edit | Macros** menu commands, or [custom shortcuts](#).

To play back a temporary macro

- On the main menu, choose **Edit | Macros | Play Back Last Macro**.

To play back a named macro

- On the main menu, choose **Edit | Macros | <Macro name>**.

To play back a macro with a keyboard shortcut

1. Select a keymap with the [macro bindings](#) on the [Keymap](#) settings page.
2. Press keyboard shortcut that corresponds to the desired macro.
