

Showing Revision Graph and Time-Lapse View

Using Perforce integration, you can view the *Revision Graph* or *Time-lapse View* for a file without leaving the IDE, provided that `p4v.exe` is installed on your computer.

To show revision graph or time-lapse view for a file

1. Select the desired file in any navigation tool window, or open it in the editor.
2. On the main Version Control menu, or on the context menu of the selection, choose **Perforce**, and then select **Revision Graph**, or **Time-Lapse View** on the submenu.
3. With the first invocation, enter password in the login dialog box.
